

# Azimut 50 Flybridge

2003–10

A popular model in the U.S., the Azimut 50 Flybridge—not to be confused with the newer Azimut 50 Flybridge introduced in 2015—is a sophisticated Med cruising yacht whose shark-fin windows and impeccable finish turn heads in every marina. Offered with two or three stateroom interiors, a triple-panel sliding glass door provides entry to the Azimut 50's expansive salon. The U-shaped settee immediately to starboard converts to a double berth at the push of a button, and the cherry wood table can be raised or lowered by remote control. A facing settee is to port and the lower helm is forward, two steps up from the salon level. Opposite the helm and a few steps down is the Azimut 50's beautifully appointed galley. The galley size depends on the layout—it's spacious in the two-stateroom configuration (shown at left), but small when the third stateroom is added. A washer/dryer combo is located in the crew quarters aft. The entire interior of the Azimut 50 is done in high-gloss cherry woodwork and trim. A staircase to port in the covered cockpit leads to the flybridge with electric grill, wet bar, and lounge seating aft. Cat 715hp diesels cruise at 26–28 knots (30+ top).

## Specifications

Length.....	52'7"	Fuel .....	581 gals.
Beam.....	14'11"	Water .....	132 gals.
Draft.....	3'11"	Waste.....	40 gals.
Weight.....	46,000#	Hull Type .....	Modified-V
Clearance .....	18'5"	Deadrise Aft .....	13°
